Evolving GREAT IDEAS into WORLD-CHANGING businesses

A GLOBAL LEADER IN IP COMMERCIALISATION

IP Group was set up with a mission to evolve great ideas, mainly from our partner universities, into world-changing businesses. We achieve this by systematically helping to create, build and support outstanding intellectual property-based companies.

The group pioneered the concept of the long-term partnership model with UK universities and has spent many years honing a unique approach to building businesses and providing support along the journey from 'cradle to maturity'. We have replicated this approach with a select group of US institutions and, in 2017, the Group announced it was expanding to Australasia.
