TECHNOLOGY TRAILBLAZERS

BACKING DEEPTECH TO 2030 AND BEYOND

Join the IP Group Deeptech team and our guest speakers for a thought-provoking evening of talks from two of the U.K's foremost technology innovators. You will hear from leading experts in the fields of Applied AI and the Metaverse as they share their views on the evolution of some of the most exciting areas of Deeptech investing.

GUEST SPEAKERS

Tom Carter, Founder and CEO of Ultraleap will present "The Metaverse: a playground, classroom or workplace?"

Niki Trigoni, Professor at the University of Oxford and CTO of Navenio will present "Where next for applied AI?"

5TH OCTOBER 2022

17:30 - 18:30

Virtual event
